

# MY HABITS

## Anna Fusková

---

Every day I get up at 7:30. I join online lessons. My favourite subject is English. Before the first lesson I get dressed, brush my teeth and make the bed. After online school I cook or heat my lunch. My favourite lunch is gnocchi with cheese sauce. I do my homework and go to get ready to my online training. I like normal trainings in a gym more, because I am with my friends. During trainings we manipulate with ball or clubs, compete stretching do elements. After three hours I do the rest of my homework. It's eight o'clock and I have dinner, take a shower and sometimes I do popcorn. I love movies and serials. I am already looking forward to meeting my friends and when this time is over.
